INTRODUCTION

Fifteen volumes of *The "Old Northwest" Genealogical Quarterly* were published from 1898 through 1912 by The "Old Northwest" Genealogical Society. The contents of these volumes included genealogies, cemetery inscriptions, church records, court records and other information mostly for the state of Ohio.

The Ohio marriages from these fifteen volumes have been extracted and reprinted in this book. Each bride and groom has two entries, one for the groom's surname and the other for the bride's maiden name. All the marriages are in one alphabetical sequence. Duplications in the original volumes were discarded with any varying information so noted.

Portions of the introductory remarks to the original articles are repeated below since they give some background to the record and tell the location of the record at that time. Also given is the name of the person who contributed the copied records, the years covered by the record and the reference citation in the original publication of the first appearance of the record. Most of the records were continued through several numbers.

Marriage Record, Franklin County, Ohio (1803-1830), p. 36, vol. 1, 1898.
By Miss May Mermod Scott, of Columbus, Ohio.

Marriage Records, Jackson County, Ohio (1816-1826), p. 174, vol. 7, 1904.
Copied by Frank T. Cole.

Marriage Records, Licking County, Ohio (1808-1820), p. 206, vol. 12, 1909.
Copied by Mrs. L. Bancroft Fant.

Licking County was organized in 1808. In 1875 the old Courthouse was burned, in 1879 fire destroyed the upper story of the new structure, hence the universal belief that all the marriage records had been destroyed. Three volumes escaped the flames, but the first is really the most interesting, in that it shows conclusively that the matrimonial bureau was not deemed the most important of the legal departments. Vol. I is a think little book containing 109 entries written in a perplexing variety of "hand" and whenever the officiating party "happened in town." After turning many empty pages one comes to the dates when a few J. P.'s took the oath of office and all seemingly written by the Hon. Stephan McDougal.

Marriage Records, Marion County, Ohio (1824-1825), p. 176, vol. 7, 1904.
Contributed by D. E. Phillips.

Record of Marriage Licenses Issued in Pickaway County (1810-1815), p. 116, vol. 7, 1904. Contributed by G. A. Teegardin, Circleville, Ohio.

Record of Marriages in Ross County, Ohio (1803-1806), p. 95, vol. 6, 1903.

Ross County was established August 20, 1798, having been part of Adams County from July 10, 1797, and before that, part of Hamilton county. The entries are nearly all in the handwriting of the different Justices, and it was evidently their custom to make the entries whenever they happened to be at the county seat. No records can be found previous to April, 1803. Where the previous marriages were recorded is not known. Copied from the original deerskin-bound folio "Book A," May 21, 1903.

Early New Connecticut Marriages (Trumbull County, Ohio) (1800-03), p. 64, vol. 2, 1899. By Harley Barnes of Painesville, Ohio.

On July 10, 1800, the county of Trumbull was erected by the government of the Northwest Territory. It included the entire Western Reserve, with the county seat at Warren. Previous to this date the New Connecticut land had been at different times nominally included in Washington and Jefferson counties, and a part of it in Wayne county, and, perhaps, at an earlier date, in Augusta county, Virginia, but the jurisdiction of the United States was disputed by the few inhabitants, and no organized government existed until August 25, 1800. On this date the first "Court of Quarter Sessions of the Peace" was "begun and holden at Warren."

John Stark Edwards, of Mesopotamia, was the first Recorder, and with him were recorded the marriages solemnized under Territorial jurisdiction. Other marriages were known to have taken place prior to the organization of Trumbull county, but we have found no record of them. The following are from Vol. A of Trumbull County Records of Deeds, pages 225, 226, 227 and 228, and are believed to include all of the Territorial Marriage Records on the Western Reserve.

Marriage Record, Washington County, Ohio (1790-1822), p. 130, vol. 3, 1900.
By William H. Jennings, Esq. of Columbus, Ohio.

Friends' Marriage Records - Miami Monthly Meeting (1804-1828), p. 52, vol. 8, 1905. Contributed by W. R. Kersey.

The Miami Monthly Meeting of Friends was established at Waynesville, Ohio, October 13, 1803. The list of marriages includes all that were allowed by the Monthly meeting and solemnized under its auspices, up to the time of the unfortunate division of the Society of Friends into two branches popularly known as "Orthodox" and "Hicksite." Through the courtesy of Clarkson Betterworth, the custodian of the records, who kindly furnished every facility for their examination, this copy was made. "Book Eight" of the records bears upon its title page in the old-fashioned cursive of the first Recorder of Marriages this designation: "The Book of Record of Marriage Sertificates for Miamie Monthly Meeting of Friends." In the division of *property incident to the Separation above referred to, the records prior to 1828 fell to the "Hicksites," they being at that time the most numerous branch.*

Register of Marriages, Putnam Presbyterian Church (1841-1897), p. 52, vol. 4, 1901. By Miss M. Josephine Tilton, of Columbus, Ohio.

This church was established, about 1840, at Putnam, which is now a part of the city of Zanesville, Ohio.

The Parish Register of St. John's Church, Worthington, Ohio (1833-1875), p. 125, vol. 1, 1898. By Horace W. Whayman.

This book, "The Property of St. John's Church, Worthington, Ohio, Presented by I. N. Whiting," and now in the custody of the Rev. Norman N. Badger, Rector of the Parish, is a well preserved fiolio of 156 pages, bound in paper boards with leather back. On the first page is the following: "Note, this Register was commenced on Easter Monday, April 8th, A.D. 1833, by the Rev. Erastus Burr, then in Deacon's orders, at which time he became minister of the Parish. Previous to the above mentioned time no public register (so far as can be ascertained) has been kept," and in a later hand is written, "The Records, beginning with the Rectorship of the Rev. C. H. Young (March 1st, 1875), are contained in the New Register."

The Parish Register of St. Luke's Church, Marietta, Ohio (1821-1883), p. 28, vol. 2, 1899. By Miss M. Josephine Tilton, of Columbus, Ohio.

The Parish Register of St. Paul's Parish, Marion, Ohio (1849-1870), p. 207, vol. 8, 1905. By Horace W. Whayman.

This, the earliest record belonging to the Parish, is in the possession of the Rev. A. R. Taylor, and is one of the few registers preserved in the Parish to which they belong, within the Diocese of Ohio. The book was presented to the Parish by its first rector, the Rev. George Thompson, and contains on the second page the following note:

"Rev. I. B. Britton received a call from St. Paul's, Marion, on June 3rd, 1868; preached his first sermon July 5th, 1868; accepted the call July 17th, and began regular services July 26th, 1868. Thirty-seven names were then registered as those of communicants reported to the last convention of the Diocese, and there was a congregation of from 50 to 80 persons and a Sunday School of 50 children. The first member, Communicant Miss Ella Hardy, was added on the 1st Sunday in October, 1868, and no baptism had taken place up to that time. The congregation, although small, is highly respectable in character and the services are maintained with spirity. The Vestry pledged the rector $1,100 for the first year, to be paid as nearly as possible quarterly in advance, and up to October 4th have paid on the first quarter $215.42. The offertory at communion this 4th of October, 1868, amount to $7.05."
